Please Note: The fees stated above are those applying to patients who are enrolled within that specific practice. These fees are those advised to BOPDHB by the respective PHOs as applying from 1 July 2009. Lower charges may apply to patients holding Community Service Cards (CSC) or High User Health Cards (HUHC).

Persons seeking services from a practice that they are not enrolled with may be charged a "Casual" fee. "Casual" fees do not have the Government subsidy applied and are higher than those fees for enrolled patients. Practices may also choose to provide additional subsidies to individuals or families, at their discretion. Accident and Healthcare in 2nd Avenue, Tauranga is a non-PHO aligned medical centre and it sets and adjusts its own fees. A&H is contracted by two PHOs to provide primary after-hours services until 9.00 p.m. 7 days per week and a call-out service between 9.00 p.m. and 8.00 a.m. A call-out charge may be levied and users should seek details of those charges when making contact. Primary after-hours services are provided by General Practitioners and the Emergency Departments.
